#### **1. FLOODING**

- We will keep you updated with what we know. We will be preparing for the worst as the week draws on. We will likely close our small parking lot next to the boathouse at Washington's Landing in an effort to have a safer location to store boats if needed. Teams should have their equipment ready to be moved and individuals should plan ahead also. If we get enough rain, it is very likely the flood will get into the sculling bay (and college bays) and high into the Youth Bay.

#### **2. DOCKS**

- We will be extending docks as soon as a flood comes through and the flow is low enough to safely extend them. We will also try and put the sweep dock ramp on the island as soon as possible. The dock committee will be meeting this weekend if the weather and river conditions allow to make a last push. Let me know if you need more detail. We'll take all the help we can get! Thanks to all the teams for being patient and working with the amount of dock space we have in the short term.

#### **3. MEMBERSHIP CARDS**

- TRRA members will be able to pick up their membership card as we receive the payment for your card. These cards will be on the front desk at WL. Please ask Jenn if you can't find yours and believe your payment is in: [jenngrieb@threeriversrowing.org](mailto:jenngrieb@threeriversrowing.org).

#### **4. FACILITY UPDATES**

- Remember to please contact Jenn if you see something we need to address. As promised, we are hoping to fix some issues with our facilities this year. Below are a couple of items you may see in the near future:
  1. Insurance for gutters at WL has come through and we will be working on getting that fixed soon.
  2. There will be some work on pipes in front of Lambert. The ground will be ripped up, but full access should be no problem at the boathouse. We are hoping the pipes problems are connected to a few small issues of leaking we see in the boat bays below the boathouse. We are moving forward to figure this all out.
  3. We are also moving forward with gathering bids for replacement windows at WL.

#### **5. POSITION AVAILABLE**

- The Masters Women would like to announce an assistant coaching position: <http://bit.ly/bvWthK>.
